OBJECTIVE

As a highly motivated Computer and Communications Engineer, my goal is to utilize my skills and knowledge to make a significant impact in the field of technology. I am committed to continuously expanding my knowledge and skills in the field through ongoing education and professional development opportunities.

EDUCATION

B.Sc. In Computer and Communications Engineering | American University of Science and Technology (AUST)
2020 – 2023 [EXPECTED]

EXPERIENCE

Automated Test Equipment Engineer | Multilane Inc.
2022
Completed a 2-month internship at Multilane Inc., a company that specializes in the production of high-speed electronic test equipment. Gained experience in the industry and assisted with various projects related to electronic testing and equipment production.

SKILLS

- Programming Languages: MATLAB, HTML, CSS, C++, Python, JavaScript, Java
- Data Analysis: Transforming crowded data from many sources to a clean report
- Varying projects in the field of Artificial Intelligence and Machine Learning, each with practical use cases
- Vast knowledge in electronics and circuitry, with a background around many electrical components.
- Well educated in network capabilities, and able to use a variety of network inspection tools

CERTIFICATIONS

- CCNA: Switching, Routing and Wireless Essentials – 2023
- CCNA: Introduction to Networks – 2023
- Coursera: Python Classes and Inheritance – 2023
- Coursera: Data Collection and processing using Python - 2022
- MIT App Inventor – 2021
